

STRENGTHEN FAMILIES

- Augment support during the prenatal-postpartum transition
- Promote strength-based parenting and access to early childhood education

ENHANCE SCREENING

- Screen for social, developmental, and behavioral issues
- Screen for parental concerns and social determinants of health

ENSURE ACCESS

- Address material needs and identify emerging behavioral issues
- Engage families in comprehensive, integrated care
- Build population health strategies and refine clinical workflows

BRIDGE CONNECTIONS

- Navigate families to Early Intervention and community-based services
- Provide innovative pathways to specialists

TRANSFORM CARE

TRANSFORM

SHIFT THE CULTURE

- Fully commit to transformation
- Engage leaders and empower champions
- Involve families and the community
- Identify health disparities and promote equitable access to care

READY THE ENVIRONMENT

- Optimize revenue and prepare for sustainability
- Fortify EMR and reporting systems
- Prepare the physical space
- Foster a trauma-forward, culturally-responsive environment

BUILD THE TEAM

- Augment staffing and establish new roles on the care team
- Grow evidence-based knowledge and clinical skills
- Collaborate in a team-based approach to care

STRENGTHEN FOUNDATIONS

STRENGTHEN

TRAIN THE TEAM

- Develop skills in the core competencies of pediatric integrated behavioral health care
- Provide role-focused support for new and existing care team members

TRANSFORM PRACTICE

- Utilize a data-driven quality improvement framework to promote long-term sustainability
- Share learnings, celebrate successes, and disseminate results

MEASURE IMPACT

- Collect and interpret data to inform model development and assess outcomes

CREATE A LEARNING COMMUNITY

CREATE

ADVANCE THE MODEL

- Bring learnings to scale by expanding the TEAM UP community
- Innovate to further develop model components
- Build clinical, operational, and data use capacities

SUSTAIN TRANSFORMATION

- Invest in the workforce by developing career pathways and extending access to training
- Advocate for state and federal policy changes that support integrated behavioral health care

TEAM UP FOR CHILDREN

LEAD SYSTEM-LEVEL CHANGE

LEAD
