

Implementation Guide: _____

TEAM UP Protocol

Clear outline of the protocol and defined area of work outlined within the guide

Background and Rationale

Brief introduction to the background and research that supports the protocol with reference to additional documentation for more information

For more information on the rationale and research behind TEAM UP's ___ protocol, please see our

____.

Commented [CV1]: Need to decide what to call this document - stick to "memo" or something else?

Implementation Considerations

Outline of important elements for practices to consider in their implementation of the said protocol

The most detailed section of the document with links and instructions where there are additional documents to reference (these would go in resource section as well)

Resources

Links to all relevant resources – first TU developed, then anything external that is noteworthy

References

Formal references section for anything that needs citing within document
